Subject: soil testing for 3735 st. paul

06/22/2004 01:35 PM

Hi there,
My neighbor at 3000 Milwaukee also owns a property at 3735 St. Paul Street.
He is in need of soil testing as a part of the I70 Vasquez remediation
project.
He is an older gentleman, and does not use e-mail so I told him I would pass
this info on to you.
Can you direct it to the proper person? He said that other homes in that area
are being tested next week and he did not want to ask people to come back out
and make a special trip for him.
His name is Mr. Kelly and his phone number is 303-355-6415

Many thanks,
Amy Novotny
